

Glysoft Udder Emollient

DESCRIPTION

Dairy Power Glysoft is a formula containing Sorbitol (643g/L) and Glycerol (113g/L) and can be used as an udder conditioner when added to iodine based teat dips and sprays.

Glycare is a clear, colourless and odourless syrup.

FEATURES & BENEFITS

- **Softens and conditions dry and chapped skin**
- **Improves teat skin health**
Healthy teats reduce bacteria multiplication in teat cracks and entry of bacteria through teat canal and infection in the quarter.
- *Does not deactivate the active constituents of teat sprays and dips.*
- *Concentrated and economical in use.*
- **Colour coded product label**
Enables easier identification to ensure the correct product is used.

DIRECTIONS FOR USE

The following instructions only apply for concentrated iodine solutions. Note that the emollient concentration in the final solution should not be more than 10%.

To make 1 litre of 0.5% iodine teat dip solution incorporating Dairy Power Glysoft Udder Emollient with either a 2% or 1% iodine concentration use one of the following procedures:

1. 2 % iodine Teat Dips: Dilute 250 ml of teat dip concentrate in 650 ml of clean or boiled water and add 100 ml of Dairy Power Glysoft Udder Emollient.

2. 1 % iodine Teat Dips: Dilute 500 ml of teat dip concentrate in 400 ml of clean or boiled water and add 100 ml of Dairy Power Glysoft Udder Emollient.

PACKAGING

20 litre drum P/C 6821020

200 litre drum P/C 6821200

APVMA Approval: 56788
